No. 109

OKLAHOMA TOWN

WIRED OUT BY A TORNADO.

Five Hundred Killed by a Storm Yesterday.—Relief Trains Rushing to the Stricken City.

Oklahoma, May 11.—The town of Snyder has been destroyed by a tornado, which swept across the southern part of the state yesterday. The telegraph wires are all down and no accurate information can be secured. Estimates place the killed at 500 and the wounded will number many more. Relief trains with doctors, nurses and supplies are being rushed to the stricken city from neighboring points in the state and Texas.

PUPILS WENT ON STRIKE.

Chicago, May 11.—Eight hundred pupils of Hendrick's public school went on strike because a negro teacher delivered coal at the building. The police sent to the school used clubs on the pupils.

A DELICATE SITUATION.

London, May 11.—Following the juncture of the Russian squadrons, alleged to have been made in French waters, the situation between France, Japan and England has grown very grave and some delicate diplomacy will be required to clear the air.

ANTI-JEWISH RIOTS IN RUSSIA.

St. Petersburg, May 11.—According to advices from Zhitomir, sixteen dead and over 100 wounded are the fruits of an Anti-Semitic riot on the Polish frontier, the casualties being mostly Jewish. Most of the losses occurred in a pitched battle between Jews and Christians in the public square of the city, though many minor fights and outrages occurred. There was much plundering of the long-suffering Israelites.

PORT WILLIAM WILL BONUS THE G. T. P.

Port William, Ont., May 10.—That the voters of Port William appreciate the bargain made by their representatives in the location of the G. T. P. terminals was proved today in an emphatic manner when 777 votes were cast for honoring the G. T. P. to the tune of \$300,000 and only 55 against. The bylaw will make Port William one of the foremost railway terminals in Canada and one of the most important lake ports on the continent. This town must now be reckoned as the coming manufacturing centre of the central west.

REVIVAL SUNDAY CARS AND PIPE ORGANS.

Winipeg, May 11.—The tidal wave of religious revival which is showing its crest in so many parts of the world is well in sight in the wicked city of Winipeg. Ralph Connor and other preachers are telling her of the wrath to come, and all denominations other than the churches of England and Rome are holding big meetings nightly preparing organization work for the evangelization of the West in the early summer and incidentally to knock out Sunday cars. At a meeting of Knox Church here last night the case of a new organ came before that congregation, whereat ex-Alderman Bareilly cried with a loud voice that "it was a shame that an old Scotch Kirk should want to keep up with the style of fine music and luxurious surroundings."

"Wear your old clothes and extend your charity," shouted the ex-preacher. "It is not the matter of a fine church, but how to evangelize the West. Tens of thousands are coming west and we must spend our money clothing them for God."

Regarding Sunday cars, the company wants them, the clergy of the English and Roman communions want them. Father Portance has just said they gave him bigger congregations, the great mass of the unrepentant drunkards, but the city council is frightened to take the initiative.

HAROLD JARVIS

THE GREATEST AMERICAN TENOR, WILL GIVE A

SONG RECITAL

Rink Theatre
FRIDAY, MAY 12

(ARBOR DAY)

SEATS, \$1.00; RUSH, 75c.

Plan at Archibald's Drug Store Monday, May 8th.

PURITY

Medicine must be prepared from pure drugs if it is to have the effect intended by the physician.

Purity—ABSOLUTE PURITY—of prescription materials is the point we emphasize most strongly. Every drug in our Prescription Department is of purest quality.

MORROW'S DRUG STORE.

Store Open Thursday Night until 10 o'clock.

Store Closes all day Friday (Arbor Day).

THE Manchester House

(ESTABLISHED 1888)

A TALK ON LACE CURTAINS.

Now that house cleaning time has arrived, we think we should be able to interest you in the subject of curtains and curtain nets, in both of which we are showing a good variety. If you think you need anything in this line, we should be pleased to show you our stock.

LACE CURTAINS.

In Lace Curtains we can show you a nice range of designs in qualities ranging from 35c. to \$5.00 per pair.

CURTAIN NETS.

In white and colors, these goods are very fashionable. We carry them in either net or muslin, from 15c. to 50c. per yard.

BE SURE TO SEE OUR STOCK BEFORE PURCHASING.

W. Johnstone Walker,
THE MANCHESTER HOUSE.

DOOR PANELS

In these popular and artistic goods we show a nice variety from 50c. to \$1.25.

BONNE FEMMES, from \$1.25 to \$2.00.

ART MUSLINS.

We show quite a range of these useful goods in artistic designs, and at any price from 10c. to 25c. per yard.

REFRIGERATORS

KEEP THE MILK COOL AND THE BUTTER SWEET.

Ours are air tight with cleanable flues and thorough cold dry circulation. All packed with mineral wool. Prices ranging from \$10.50 to \$37.00.

WANTED.

GOOD AGENTS FOR THE

Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

THURSDAY, MAY 11th, 1905.

A "FREAK."

The Toronto Mail and Empire says:—Mr. Bennett is one of the phrase makers of Parliament. When he spoke of Mr. Oliver, the new Minister, as "a geographical and national freak," he certainly hit the mark. The representative of the Roumanians and Galicians can scarcely be said to voice the views of Western Canada.

REFUSES TO RETRACT MIS-STATEMENTS.

The Toronto Saturday Night says: The secretary of the Edmonton board of trade, in a letter too long for publication, takes exception to a paragraph which appeared on this page some weeks ago, in which it was stated that the town was in an unenviable financial condition, that the price of real estate was regrettably low, and that a large French trading company dominated the place, it having also made the boast that it would spend a million dollars to get control of that section of the country. My correspondent informs me that all these statements are wrong, that the town is in a flourishing condition, that real estate is, if anything too high to please persons desiring to purchase, and that the French company would be guilty of nothing unworthy of an upright and enterprising business corporation. The statements made in Saturday Night were not mere random shots, the information which led to their publication being obtained from a gentleman recently returned from the West, a gentleman whose business it was to secure accurate information regarding the conditions of the country. It can readily be understood that an impartial and perhaps critical investigator from the East might develop an opinion of the conditions under which Edmonton exists different from that held by a patriotic resident, but I am far too well acquainted with my informant to question his good faith or seriously to mistrust his judgment. Secretaries of boards of trade are seldom cold-blooded pessimists in regard to their places of business, and perhaps the secretary of the Edmonton board is not an exception. It is quite conceivable that a resident and a non-resident of any particular town might hold diametrically-opposed opinions regarding the prosperity of the place, and yet both opinions would be thoroughly honest. So much depends on the point of view.

Not only does the Saturday Night repeat the libel but does so on the ground that it is merely a matter of opinion whether a thing is black or white. We submit that the price of city property, the financial condition of a city and the reputation of a trading company are not matters to be determined by opinion; they are questions of fact and can be revealed alone by the publication of facts, which Saturday Night declines to permit.

WILL MR. HAULTAIN COME TO THE SURFACE

[From the Regina Standard.] The Standard, when reviewing Mr. Scott's speech a few days ago, dealt in an especial manner with the portion of it in which Mr. Haultain is charged with having included a separate school clause in the draft bill which he prepared in 1902, and which was subsequently endorsed by the Legislative Assembly. Since then, in an interview which he kindly granted a Standard reporter, Mr. Scott reiterated the charge. He said:

"I notice in the Standard, the editorial which says:

"Perhaps the most amusing portion of Mr. Scott's delivery was in the ingenuity and apparent earnestness with which he announces the discovery of a separate school clause in the Haultain draft bill."

Continued on page three.

The Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 100 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent counter-signed in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land

owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1888.

Every homesteader who fails to comply with the requirements of the homestead law, is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. OBY.

Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Will Mr. Haultain Come to the Surface Continued from page two

"It was no discovery to me. I always knew the clause continuing the school system was there. Then again your paper says:

"Mr. Scott, in his capacity of editor of 'The Leader,' gave that draft bill his most earnest support. It is fair to suppose that he did not endorse it without knowing its provisions. Why did he not expose Mr. Haultain's alleged duplicity then?"

"Of course I supported it, and I am still supporting it. I knew all along the provisions of the draft bill, and the provisions of the present bills are exactly the same."

"Why did I not expose Mr. Haultain's duplicity? Because at that time there was no duplicity. It only became duplicity when he assumed that reply to the bills. Until that time there was no indication that the bills were not satisfactory to the Northwest Premier as they were to Mr. Bulyea."

"Regarding the Northwest House enforcing the bill, you say:

"The draft bill was endorsed by the Territorial Legislature, but no member of that august body made the discovery which Mr. Scott appears to have had up his sleeve all the while. It is due to the public that Mr. Scott explain how, when and where he found out that Mr. Haultain tried to impose separate schools upon the Northwest in an innocent-looking clause, which no one—not even Mr. Scott suspected. No one knew it was loaded."

"I don't think there was a member of the Northwest House who was not aware that the school clause in the draft bill would have the effect of perpetuating the school system. They were perfectly satisfied with it. It is hardly fair to assume that the members elected by the people of the Northwest to look after their interests, would support a bill they knew nothing about."

"This is indeed an extraordinary statement, when we consider that it is deliberately repeated by a man who must know the responsi-

bility that necessarily attaches to what he says. And yet, in the light of Mr. Haultain's past record, and of his present attitude towards separate schools, it seems impossible to get away from the thought that there is a vast misunderstanding somewhere. The clause upon which Mr. Scott bases his accusation against Mr. Haultain reads as follows:

"On and after the first day of January, 1903, the provisions of the British North America Act, 1867, except those parts thereof, which are in terms made, or by reasonable intendment may be held to be, especially applicable to or to affect only one or more, but not the whole of the provinces under the Act composing the Dominion, and except so far as the same may be varied to this Act, shall be applicable to the province of (Saskatchewan) in the same and to the same extent as they apply to the several provinces of Canada, and as if the province of (Saskatchewan) had been one of the provinces originally created by the said Act."

Now, this seems to us a very strange clause. We confess our inability to grasp the intent of it. It may mean a great deal, and it may mean very little. Nevertheless the use which is now being made of it demands imperatively that Mr. Haultain shall arise and explain. It is not the duty of Mr. Haultain alone to explain the clause which Mr. Scott brings up in evidence against him. It is also the duty of every M.L.A. to say what he understood by it, for Mr. Scott considers it improbable that they did not know what they were voting for. We should like to join Mr. Scott in his doubtful compliment to "assembled wisdom," but we fear that force of habit betrayed them into the familiar chorus of "Agreed! agreed!"

Amid all this web of mystery we have the revelation of one solemn assurance—Mr. Scott knew all the while that the clause meant the perpetuation of separate schools by Federal authority, and with the tacit consent and connivance of the Territorial Executive.

Mr. Scott, with an air of confidence, lays a serious charge at the door of Mr. Haultain, in which he implores the entire Assembly. We reserve judgment until the other side is heard. Mr. Haultain and the Assemblymen should speak now. The matter is one which cannot be evaded.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty, at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding the miners' certificates may obtain entry for mining location. A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$250 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered a mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within ten days if located within ten miles of a mining recorder's office. An additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$150.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$100 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the value not exceeding five per cent.

Placer Mining. Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are usually 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

renewable in the discretion of the Minister of the Interior.

The locater's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on beach claims, except in the Saskatchewan river, where the locater may dredge to high water mark on each alternate leasehold.

The locater shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The locater's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The locater shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within boundaries of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee. Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent, of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

Orange Meat.

An Ideal Breakfast

THE NEWS OF TO-DAY

IN CONDENSED DESPATCHES.

Brief items from many sources tell the story of the day's events.

DISASTROUS FIRE.

Utica, N.Y., May 11.—This city suffered the loss of half a million dollars by fire in less than two hours today. Dry goods, piano and millinery stores were destroyed.

WHITEWASHED GAMEY.

Toronto, May 11.—In the Ontario Legislature Mr. Gamey moved a resolution to expunge from the records the vote of censure passed on him by the late Legislature. Hon. Richard Harcourt arose and characterized the motion as extraordinary in its nature and defended the action of the old government as simple justice declaring that to carry Gamey's motion must be a parliamentary impeachment of the judges who composed the Royal Commission. The motion however carried.

YESTERDAY'S IMMIGRATION

Quebec, May 11th.—Thirty-four hundred new settlers landed here today. They came by the Pretorian, Montrose, Vancouver and Lake Champlain. The Vancouver brought 100, mostly foreigners. The others on that ship were mostly Salvation immigrants.

IN THE ENEMY'S CAMP

Chicago, May 11th.—President Roosevelt was tendered a magnificent banquet here entirely by his political foes, the Democrats, and was given a rousing ovation.

U. S. WINTER WHEAT AREA

Washington, May 11th.—The area under winter wheat in the United States is 29,230,000 acres, which is 4.6 per cent more than last year. Of the area abandoned or plowed under 356,000 acres are reported chiefly from Kansas and Missouri.

AUSTRALIAN FARMERS ARRIVE.

Victoria, May 11th.—Steamer Manitoba brought 500 passengers from Australia, many of whom are antipodean farmers who have sold their farms to settle in Canada.

CHAMPLAIN IN PORT

Montreal, May 11th.—The C. P. R. Lake Champlain arrived here which there was some anxiety has arrived here having been delayed by ice.

THE WEATHER

Winnipeg, May 11.—Probabilities: Manitoba and Territories; some light local falls of snow or rain, but mostly fair.

Reports show that the day temperatures were somewhat colder yesterday all over and night temperatures were somewhat colder compared with the day before. Rain and wet snow fell all over the Territories and Manitoba.

This morning it is still snowing from Swift Current to Indian Head and it is cloudy all over Manitoba. Temperatures recorded during 24 hours up to 6 a.m. today.

	Max.	Min.

HOW TO SPEND TO-MORROW.

Tomorrow being a public holiday most every one in the city will be looking for some way in which to pleasantly spend the day. All the business houses will be closed and there will be the following sports and attractions during the day.

Field Club shoot—All day.

Crickets match on the exhibition grounds at 11 o'clock.

Driving Club matinee on the exhibition grounds at 1:30 p.m.

Racquet match, Fort Saskatchewan vs. Edmonton on the new athletic grounds north of the carriage barns on Second street, west, at 4 o'clock.

Picnic of St. Joseph's Sunday school and choir at Stony Plain.

Harold Jarvis concert at the rink at 8:15.

THE ALBERTA BILL

DISCUSSED IN COMMITTEE.

Eight Clauses Passed Yesterday, Four Shelved, and the Legislators are now at the Educational Clauses.

Ottawa, May 11.—Some progress was made with the Alberta autonomy Bill yesterday. Eight clauses were carried and four allowed to stand-over. Among those held over were the representation clauses and the clause making Edmonton the provisional capital. This brings the discussion down to the educational clause 16, which comes up today.

CRICKET.

A match against Fort Saskatchewan is arranged for Arbor Day, beginning at 11 a.m. As the Fort are bringing a strong team, a good game is anticipated.

Fort Saskatchewan
and Vegreville

STAGE LINE

Leaves Edmonton for Vegreville Monday 8:30 a.m.

Fort Saskatchewan Monday 11:30 p.m. and arrives at Vegreville Tuesday 7:30 p.m.

On the return trip the stage leaves Vegreville Wednesday 1:30 p.m. and arr. Ft. Saskatchewan Thursday 7:30 p.m. and Edmonton Friday 12:30 noon.

Passenger Rates

From Edmonton to Vegreville \$0

From Fort Saskatchewan to Vegreville \$5

DYNAMITE EXPLOSION

CAUSED BY RAILWAY WRECK

Fifty Killed and One Hundred Injured
the Estimated Casualty List in a
Pennsylvania Wreck.

Harrisburg, Pa., May 11th.—No. 38 express on the Pennsylvania Ry. going east ran into a freight train at 1.10 this morning in south Harrisburg. Two cars of the freight train were loaded with dynamite and three terrible explosions occurred. Both trains were piled in a mass of wreckage which immediately took fire. Many surrounding buildings were wrecked and the windows were smashed for miles around by the force of the explosions. The blazing wreckage of the trains is yet unapproachable, the exact loss of life cannot be learned. An estimate places the dead at fifty and the injured at double that number. The scene is one of indescribable horror, many unfortunate being pinned down by the debris and burned to death, relief being impossible.

HAROLD JARVIS.

Referring to Harold Jarvis who sings in the Rink Theatre tomorrow evening the Winnipeg Free Press says:—

"Harold Jarvis returned last evening to charm his old admirers, and to captivate many another. The popularity of this gifted singer was attested by the large audience, St. Andrews church being completely filled.

"It is always such a treat to hear Harold Jarvis. One sits back in his seat in comfort, knowing that, whatever the song, there is certain enjoyment ahead. And there is no disappointment. Mr. Jarvis has a voice combining richness, resonance, and power, and manipulates it with rare skill. All our concert soloists may well take a lesson from him in enunciation. Really, we like to hear the words occasionally.

"His program was well adapted to satisfying in each number—in Genet's show of his voice. The artist was area "O, Israel, Trust in the Lord," in the tender Scottish "Mary of Argyll," in the devotional "Morning, Noon, and Night," in "Highlanders," a stirring martial song, the rendition of which created intense enthusiasm. Encores were given freely in response to general applause.

Foster's Forecast

Washington, May 8.—The last bulletin gave forecasts of disturbance to cross the continent May 5 to 9, warm wave 7 to 11. The next disturbance will reach the Pacific coast about the 10, cross west of Rockies by close of 11, great central valleys 12 to 14, eastern states 15. Warm wave will cross west of Rockies about 10, great central valleys 12, eastern states 14. Cool wave will cross west of Rockies about 14, great central valleys 15, eastern states 17.

This disturbance will bring a radical change from an average below normal to higher than-normal temperatures. While the usual frequent temperature changes will pass every few days, the trend will be upward more than the season indicates and we will probably experience the highest temperatures of May while this disturbance is passing.

Where rainfall has been in excess, notably in some of the southern states, the other extreme will probably bring a May drought. I see no probability of such fine cotton weather as prevailed last year, and believe that from one-fourth to one-third less cotton will be produced this year than was produced last year. Rice, not irrigated will have a bad crop weather.

The disturbance described above will come in the middle of a period of severe storms extending from May 7 to 18. I cannot definitely give the days and places where these severe storms will strike. Of course, they will reach only about one place in a hundred, and it will be advisable to bear in mind that the whole month of May will be unusually full of radical weather events; it is usually the most quiet weather month of the year.

Important weather events are looked for about and following May 6, and particularly from May 7 to 9. An electrical storm, or severe thunder storms or tornadoes are expected within the last named three days.

NEW OIL COMPANY FORMED.

The first meeting of the Edmonton Oil Company, Limited, was held yesterday. The officers elected were: President, K. W. McKenna; vice-president, J. T. Blowsy; secretary-treasurer, J. St. Clair Blackett; directors, J. St. Clair Blackett, J. T. Blowsy, J. St. Clair Blackett, J. T. Blowsy, J. St. Clair Blackett, J. T. Blowsy. The company announces its intention of beginning boring operations at an early date on their property near Egg Lake. A shaft showing the oil strata has already been dug.

MRS. HUNTER'S STORY

Says she and her Husband Agree Perfectly. Both Quite Well Again.

Mrs. I. Hunter, of 111 Raglan Road, Kingston, Ont., has written for publication a statement of her case as follows: "I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, lightheadedness, nervousness, Mrs. I. Hunter, drowsiness, pains in the back and side, and a tired, weary feeling nearly all the time. "I tried almost every remedy, was treated by doctors and druggists with little or no benefit. "Finally, a friend advised me to try Dr. Leonard's Anti-Pill, and the results have been truly wonderful. "My husband has used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is a most wonderful medicine and heartily recommend it. "This is a very strong recommendation. Anti-Pill is undoubtedly the greatest of family remedies. All druggists, or the Wilcox-Pyle Co., Limited, Niagara Falls, Ont.

Pure Bred Stock Sale.

Ottawa, May 10.—Recognizing the fact that in order to produce good animals only good stock of the desirable type and bred on proper lines must be used the Dominion Live Stock Commissioner, F. W. Hobson, has for years been endeavoring to perfect plans for distributing as many good sires as possible among farmers in all parts of Canada. The remarkable development in Great Britain of the auction sale system of selling live stock led him to advocate a similar method for Canada. In Britain there are at many points fairs or markets on certain days, where cattle, sheep, swine and other animals are regularly disposed of by auction. From reliable evidence and personal observation this system was found to work satisfactorily, entirely doing away with huckstering, and giving to the seller the full value of his animals as determined by public competition. In several of the provinces, this system of disposing of pure bred stock has now been under trial for two or three years and is rapidly growing in public favor.

It has been decided to hold the first of these provincial auction sales of pure bred cattle for the middle west under the auspices of the Manitoba Live Stock Association on May 31. The Dominion Live Stock Commissioner has offered the necessary support to enable the project to be carried through. The C. P. R. have erected a fine six stall pavilion adjacent to their stock yards in Winnipeg, and this building will be utilized. In addition to the accommodation for stock there is a large amphitheatre with seating for 300 people, in which the sale can be comfortably held regardless of weather conditions. A catalogue of the animals entered may be had on application to the Secretary, George H. Greig, Winnipeg. There are now eighty or ninety animals listed most of which are Shorthorns. There are however a number of Herefords and Polled Angus in the offering. Both males and females are included. No animals over seven years old are accepted, and a guarantee is required that all animals are regular breeders. Registration certificates in recognized herd books will be furnished

to purchasers. The sale is under the direct management of a Committee appointed by the executives of the Association. Messrs. J. G. Barron, S. J. Thompson, Andrew Graham, E. R. James and the Secretary. All animals offered will be sold to the highest bidder, the official ring master alone having authority of withdrawing an animal. Arrangements have been made with the Eastern Townships Bank of Winnipeg, whereby six months credit may be obtained. For particulars apply to the secretary. An arrangement has been made with the railway companies whereby the management is able to guarantee to deliver all stock purchased to the purchaser's nearest railway station in Manitoba or Assiniboia east of Regina upon payment by the purchaser of a uniform fee of \$2 per head. This is an unprecedented freight rate, and, together with the advantages of having so large a number of good animals to select from, affords farmers an unequalled opportunity of providing themselves with pure bred sires or with a few foundation females. In connection with the sale there will be a stock show open to all animals entered for the sale, prize ribbons will be awarded in the various classes, but from an educational standpoint a sale of this kind is unique and far reaching in that the animals are judged by the public on a basis of dollars and cents.

WINNIPEG MARKETS.

From the Commercial:—

WHEAT—At the close of business today prices are as follows, viz.: 1 Nor., 80c; 2 Nor., 85 1-2c; 3 Nor., 79 5-8c; No. 4 extra, 72 1-2c; No. 4 wheat, 71c; No. 5 wheat, 61 3-4c; feed wheat, 58 1-2c; No. 2 feed, 58 1-2c; spot or nearby delivery. CITY GOVERNMENT

Mayor, K. W. MacKenzie; Aldermen, O. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Ross, T. Bellamy, J. H. Picard, W. A. Griesbach.

Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.50. Arrives from Strathcona 9.15 and 19.50.

LOCAL

—Train on time.
Wm. Norris of Okotoks has fallen heir to an estate in Cork, Ireland.

—Dr. Bliss has removed his office to the Heintz block.

—J. B. Twiss will organize and lead an orchestra in the early future.

—Work began Saturday laying steel on the C. & E. branch eastward from Wetaskiwin to Sparling.

—Williamson Bros. have purchased the grocery and meat market of F. J. Davidson & Co. and take over the business on June 1st.

—The total assessment of Qu'Appelle for 1905 is \$24,000 as compared with \$23,540 last year, about 11 per cent increase. The increase of assessment on rural property in the school district is about 10 per cent.

—Plesey & Barton have secured the contract for a large new school building for Strathcona. The school will be located in the south west portion of the town and the cost is estimated at about \$24,000.

—A team ran away from Store's hardware yesterday and heading up Queen avenue caused considerable excitement. They were stopped on the market square without any damage being done.

—A party of over seventy members of the Presbyterian church choir, orchestra and Sunday School teachers held a picnic out on the Great estate yesterday afternoon and evening. A good time is reported by all present.

—The Sunday school and school choir of St. Joachim's church will give at the Stony Plain Indian reserve tomorrow. The children will meet at the church at 7.30 a.m. and after a short service, leave at 8 o'clock for Stony Plain, returning in the evening.

—Saunders and Driscoll have compiled a map of Fort Saskatchewan, the first ever issued of the town. The map shows the entire town-site with the subdivisions which have been made during the past year or so. Blue grants of the map have been made for those desiring a copy of the map.

—Olds Gazette:—The Bell telephone company have had two gangs working in town for nearly three weeks owing to the large number of new phones that are to be fixed. They have fixed 50 poles in town, there being over two miles of pole line erected. The company are expecting to have thirty subscribers in town before fall and are putting in the necessary fixtures for that number. The company are offering special rates to farmers with a few to establishing rural lines if they receive the necessary assurance of support.

—Mr. Wm. Grant of Regina, Secretary of the Territorial Board of Trade convention, reports that he is receiving from various quarters resolutions for discussion and consideration at the coming convention. Some of the subjects are of great importance, and will doubtless be thoroughly discussed. Among the subjects are—Insolvency, Salaries of the Cabinet Ministers in the two new Provinces of Saskatchewan and Alberta, Sale of Indian Reserves, Interest on real estate mortgages, Fire insurance rates, Administration of intestate estates, The Exemptions Ordinance, Establishment of the associated board on a permanent basis, and some others of minor importance. Great interest is being shown in the convention, not only in the North West Territories, but in the Provinces of Manitoba and British Columbia.

—A new and enlarged edition of R. G. MacBeth's "The Making of the Canadian West" is in course of issue by William Briggs. In addition to other changes, a very interesting chapter is added dealing with the rapid growth of the Farther West, particularly British Columbia and the Yukon Territory. Another chapter takes up the history of religious from the earliest days, and the last chapter deals in detail with the educational development of the whole western country, a subject of special interest at present. Himself a native of the old Selkirk Colony on the Red River, Mr. MacBeth has personally witnessed all the changes that have taken place in the Western country since pre-confederation days. This is the only book written on the subject by one of the native-born. Mr. MacBeth's large acquaintance with the actors in the stirring scenes of the early years, has enabled him to secure many photographs of rare interest that are reproduced in the book.

—Saskatoon Phenix:—On Friday last a party of Grand Trunk surveyors arrived in Saskatoon with their outfit. The party consisted of twenty men under Mr. Ord, and will work east from Saskatoon on a preliminary survey till they meet the party at present south of the Quill Lakes. On Tuesday's evening train a party of twelve Canadian Pacific Railway surveyors also landed in Saskatoon and this force was augmented Wednesday night by the arrival of nine others. They too will work east of Saskatoon. It begins to look as if rival interests were conflicting. Forty-one men are now working out of Saskatoon to the east, and a large party is operating west in the Eagle Creek region.

PERSONAL

J. Foote went to Leduc today.
A. M. Stewart returned from Wetaskiwin last night.

Bishop Bremus returned from France last evening.
Capt. Strickland of Fort Saskatchewan, was in the city yesterday.

Mrs. W. Gordon returned from California yesterday and will reside in the city.

Father Lacombe came up from Pincher Creek last night and will return south on Saturday.

ST. ALBERT NEWS.

St. Albert, Alta., May 9th, 1905.—The wires are being pulled in local political circles and they are organizing for the coming fray.

The addition to the St. Albert hotel will soon be completed.
Dr. Tierney is busily engaged figuring in on a new two story addition to his residence; in this will be his consultation rooms and also a drug store.

Mr. and Mrs. E. J. Hart, Edmonton, called on friends here recently.
D. Bard, Indian Agent, Riviere Qui Bar, passed here Friday.

Our new sidewalks add much to the beauty of our town.

The farmers' horses prefer to give the whole road to the automobile.

Mr. T. Walsh, Strathcona, was among the outsiders who witnessed the ordination of Rev. Father Roche in the cathedral here on Sunday.

The whistle of the plowing mill breaks the monotony of the dusty days.

A shower of rain would make as all smile. The crops need it.

Robert & Perron's brick yard is in full swing to supply the goods for the new grist mill.

Hudson Bay Company

Grand

Spring Opening

Our new stock is now complete in all lines. By buying directly from manufacturers we can confidently compare prices with any house in Canada, mail order or otherwise. Why send away money when you can see the goods before you buy? Bring along your catalogues and satisfy yourself.

We sell only for cash; this enables us to buy for cash, which certainly places us in a position to outsell all competitors, who still stick to the credit system. Our store has been re-modelled throughout, better lighted, and selling facilities increased in every way. We make it a point to look after the convenience of customers. All parcels will be delivered at once, or, if you live in the country, the goods will be carefully packed so that they can travel any distance.

We handle the Salem shirt for men. The patterns and styles are elegant. If you want to see the newest cut see these.

We also sell the Salem and Victor shirts for ladies. They are all full size and the fit is perfect.

See our ladies' skirts before you buy elsewhere.

The highest prices paid for potatoes, butter and eggs.
